**LaserPerformance Event Boats  
 SPECIAL OFFER**

**Greetings from White Bear Lake,**

Every year LaserPerformance offers its dealers the opportunity to purchase slightly used sailboats from the national sailing events sponsored by LaserPerformance. This years event boats will be going to dealers located closest to the event locations which means we're not going to have access to event boats this year.

LaserPerformance feels it's important to have event boats in their top markets around the country – they are a great way to build and support racing fleets. Even though there won't be any event boats available for our area, they've agreed to give us the opportunity to make one purchase of boats at event boat pricing and offer them only to customers in our market area (Minnesota, Western Wisconsin, North & South Dakota, Northern Iowa). **If you've been thinking about a new boat, this is the best deal you will get. Below are prices for the boats we have access to.**
